About Us!

Based in Singapore and servicing the construction industry across the Asia Pacific region, Anaboid Pte Ltd provides the following services:

- Engineering for civil, structural and mechanical systems to ensure that all materials to be supplied are compatible and correctly sized
- Supply of civil, structural & mechanical equipment & materials from multiple sources across Europe, the Middle East, Asia and North America
- Sea, land and air freight from sources to destinations across the Asia Pacific region

Our team comprises engineers, quantity surveyors and sales professionals.

ANABOID

& Industrial Supply
Partner**

Technical Engineering & Procurement Services

- **Cost & Estimation:** Cost estimates and comprehensive quantity take-offs for structural steel, civil, marine and mechanical & piping projects
- **System Integration:** Expert optioneering and system compatibility analysis for pumps, valves, flanges, couplers, pipes and fittings.
- **Structural Engineering:** Professional structural steel & pile design and fabrication management.

Quality Assurance

We provide end-to-end quality assurance solutions tailored to your specific project requirements. Our services include the development of comprehensive inspection and test plans (ITP), rigorous factory acceptance testing (FAT) and Site Acceptance Testing (SAT), third-party inspections, and the management of all necessary certifications and warranties.

Freighting

Global connectivity, delivered. Spanning major international trade routes — from Europe and the Americas to Asia and the Pacific — we provide secure, timely transportation solutions tailored to your needs.

What can we supply?

STRUCTURAL STEEL

We supply high-quality structural steel tailored to meet each client specific strength, durability and project requirements.

INDUSTRIAL PUMPS

We supply industrial pumps engineered for efficiency and reliability and customized to meet each client's specific operational and project requirements.

VALVES, PIPES & FITTINGS

We supply durable valves pipes & fittings, designed for seamless flow control and dependable performance.

TUBULAR PILES

We supply tubular piles, built for strength and stability and customized to meet each client's specific foundation and project requirements in heavy construction and marine works.

List of Products

STRUCTURAL STEEL & TUBULAR PILES

- Beams & Columns
- Plates & Stiffeners
- Angles & Sections
- C-Channels
- Flange Pipe & Tubes
- Open-Ended Tubular Piles
- Closed-Ended Tubular Piles
- H-Piles
- Crane Mat Plates

MECHANICAL PRODUCTS

- Centrifugal Pumps
- Submersible Pumps
- Positive Displacement Pumps
- Fire Pumps
- Booster Pumps
- Industrial Process Pumps
- Gate Valves
- Globe Valves
- Ball Valves
- Butterfly Valves
- Check Valves
- Pressure Relief Valves
- Control Valves
- Plug Valves
- Air Compressors
- Pneumatic Actuators & Valves
- Pneumatic Tubing & Fittings
- Vacuum Equipment
- Electric Motor

PIPES & FITTINGS

- Carbon Steel Pipes
- Stainless Steel Pipes
- Galvanized Pipe
- PVC Pipes
- HDPE Pipes
- Copper Pipes
- Elbows
- Tees
- Reducers
- Couplings
- Flanges
- Unions
- Caps & Plugs
- Adapters

“Choose Anaboid because our team comprises experienced engineering and construction site professionals who understand your construction supply needs”
